

University of Wollongong

*Ceremonies for the
Conferring of
Awards*

July 2000

Arms of the University

The Principal elements incorporated in the Arms of the University are the blue of the sea, the gold of the sand and the red of the Illawarra flame tree. The open book often used for educational institutions has also been included.

The blazon is:

"Azure a Book expanded Argent bound and clasped Or on a Chief of the last three Cinquefoils pierced Gules".

Advance Australia Fair

Australians all let us rejoice, For we are young and free;
We've golden soil and wealth for toil, Our home is girt by sea;
Our land abounds in nature's gifts, of beauty rich and rare;
In history's page, let every stage, Advance Australia Fair.
In joyful strains then let us sing, Advance Australia Fair.

Gaudeamus
Gaudeamus igitur
Juvenus dum sumus;
Post jucundam juventutem,
Post molestam senectutem,
Nos habebit humus.
Vita nostra brevis est,
Brevi finietur;
Venit mors velociter,
Rapit nos atrociter,
Nemini parcetur.
Vivat Academia,
Vivant professores;
Vivat membrum quodlibet,
Vivant membra quaelibet,
Semper sint in flore.

Translation:
Let us be joyful therefore
While we are young;
After youth that brings joy,
After old age that brings grief,
The grave will take us.
Our life is short,
Soon it will be finished;
Death comes quickly,
It snatches away violently,
It will spare nobody.
Long live the University,
Long live the professors,
Long live every member,
Long live every part,
May they ever flourish.

About the University

The University of Wollongong was founded in 1951 when the then New South Wales University of Technology established a division at Wollongong. Ten years later the division became a College of the University of New South Wales. In 1975 the University of Wollongong became an autonomous institution and in 1982 amalgamated with the adjoining Wollongong Institute of Education (which had been founded in 1962 as the Wollongong Teachers' College).

Originally established as a provider of tertiary education for engineers and metallurgists required for the burgeoning steel industry, the University has developed into an internationally recognised teaching and research institution. It was recently named Australia's joint University of the Year for 1999-2000. The Good Universities Guides 'University of the Year' Award is the most prestigious in Australian higher education and acknowledges the University's outstanding research and development partnerships. The University of Wollongong is one of the largest sites of information technology and telecommunications research in the Southern Hemisphere. Other areas of research expertise include superconductors, intelligent polymers, steel processing and products, microwave technology, smart foods, social and cultural change in the Asia Pacific region, biomedical research, medical radiation physics and multimedia.

On the teaching side, the University combines traditional academic values with innovative teaching and advanced technology. The modern campus, with its learning and support systems and highly qualified staff, offers a personalised study environment for all students, both domestic and international.

The University's teaching programs are developed to meet the demands of the world market. It has a satellite campus in Dubai in the United Arab Emirates and offers courses in Hong Kong, Singapore, Malaysia, Sri Lanka, Pakistan and the Maldives. At home, the University will open a permanent campus in the Shoalhaven in 2000 together with access centres in Batemans Bay and Bega.

Since its foundation, the University has awarded over 40,000 degrees and diplomas. In 1999 some 4,500 graduated including 76 from the University's satellite campus in Dubai and 144 from courses offered at overseas locations such as Hong Kong, Singapore, Sri Lanka, Pakistan and the Maldives. In the year 2000, some 3,000 students are expected to graduate.

The University Mace

In the Medieval tradition, the mace is a symbol of the University and the Chancellor's authority as its head, and is carried before the Chancellor on formal occasions such as graduation ceremonies. It is carried on the right shoulder of the mace bearer.

The University of Wollongong mace is constructed from stainless steel and the head is a stylised form of the Illawarra Flame Tree flower from the University's coat of arms. The exterior surface of the mace has a rough finish, symbolising the heavy industrial area of Wollongong, whilst the stamen of the 'flower' is smooth and highly polished to indicate the University's position as a centre for the city and the region. The mace also contains three timber inserts made from one of the three original Moreton Bay figtrees which were a feature of the campus and were estimated to be 500 years old.

The mace was both designed and made by Gino Sanguineti, a local artist, and presented to the University in 1988.

The Ceremony of Graduation

The University of Wollongong has offered university studies for nearly 50 years and is known for its energy and innovation in fields ranging from creative arts to communications technology. Since its foundation the University has awarded more than 40,000 degrees and diplomas. This University looks towards the 21st century but, in the customs and ceremony of a graduation, it asserts its inheritance from the first Universities of the 12th and 13th centuries. For nearly 900 years, universities have educated and trained leaders of society and produced ideas and instruments of great social and scientific change. Yet, they proudly retain medieval traditions that still visibly celebrate both the achievements of the scholar and graduate and the Universities' long commitment to the search for knowledge.

The academic titles and terms of address, the music and, especially, the academic dress distinguish and colour a graduation ceremony. The gowns are modified versions of medieval university dress: all masters and scholars were then members of the clergy. This university has chosen blue gowns for all diplomas and for the Bachelor and Masters degrees. The hoods, originally a useful head cover, are lined with different coloured silks and trims to denote the type of award - for example, the Bachelor of Arts hood is lined with gold silk and the Commerce hood with emerald green. The degree graduates wear blue, tasselled trenchers or mortar boards which were introduced in 17th century Oxford and Cambridge.

The dress for the doctoral degrees, for example Doctor of Philosophy (PhD) and Doctor of Creative Arts (DCA), is distinguished by red facing on the blue gowns and black velvet Tudor Bonnets with coloured tassels. The higher doctorates of Science, Letters and Laws have red gowns faced with blue and a Tudor Bonnet tasselled with silver, gold and purple respectively.

The Chancellor, gowned in black brocade trimmed with gold lace and braid, is the chief dignitary and leader of the university community. The Chancellor presides over meetings of the governing body, the University Council, and confers degrees and diplomas in Council's name.

A graduation ceremony is in many ways an historical pageant but is, above all, a celebration of individual achievement and the continuing role of the university.

Welcome to the University of Wollongong Alumni Community

Congratulations on the successful completion of your studies. Graduation marks the conclusion of one stage of your association with the University of Wollongong and the continuation of a lifelong relationship through the Alumni Association.

Membership of the Alumni Association is automatic upon graduation. You are now an alumnus - a Latin word meaning "former student".

As a member of the University's national and international alumni community, we will endeavour to maintain active and ongoing links with you and provide you with information on a range of professional, lifelong learning and networking activities.

You may also choose to be a financial member of the Alumni Association which will entitle you to further benefits.

Please keep the Alumni Office informed of your contact details, and let us know how we can help you in your future careers.
